1:00 P.M. AT THE RANCH

Welcome to the 21st Spring Edition Sale,

The past 21 years have really gone by fast. However, when I stop and look back it's amazing the things that have taken place and the many blessings we have received. A few things have not changed here, such as our desire to produce the very best cattle in the business and to do our best to see our customers obtain their goals with their purchases. We have the best customers and several that have been with us since the beginning. We are very honored with their loyalty, and we always want new customers and families to get involved.

This sale offering is power packed. The Maine females are as good as we have ever offered! Both the high and low percentage females are outstanding and are bred to win and produce. Our Hereford females are exciting; we have a variety of pedigrees and quality that will fit the most discriminating exhibitors and breeders. Over the years our fall born heifers have proven they can win at every level and they are such a fun age to show. The numbers are not always in the fall divisions but they can win at the end of the day.

We are very fortunate to make our living in the cattle business and to enjoy our job. However, this operation would not function without a great staff. Matt Scasta has been with us for 21 years and is much more like a family member and a partner than an employee. Matt heads up an awesome crew of guys that make it all happen. We are pleased to have Davey Young back with us! He's the guy that gives it 100% no matter what job he's doing, and he takes care of the show barn and knows the cattle and pedigrees as well as any of us. Seth Buckley has been helping us seasonal for several years and he oversees calving and the cowherd while we are tied down with shows and sales. Plus, he's a pretty dang good mechanic! Darren Rudd has been with us the last several months taking care of cows and managing the bulls and weaned calves. Ace McHatton is a full time college student but puts in more hours than most people do at a full time job! Ethan Moore and Jeremy Clark are two of the most talented clippers in the country and we are lucky to have them during our crunch times. I mentioned the jobs these guys oversee but they all do a little bit of it all. We can't do it without these guys and we appreciate them very much.

We don't have all the highlights stacked in the front of the catalog, the quality runs deep so study the pedigrees, watch the videos, and come take a look, the good ones are here and you will not have a problem finding one to fit your budget. There are bargains in every sale so pay attention! Feel free to contact any of us for more information.

Please join us on March 25th for lunch prior to the sale provided by Martindale Feed, the meal will be awesome don't miss it.

Thank you for your interest,

Jirl

- Here's a unique female that is built as good as they come.
- She is sired by Wisdom which is an old Maine sire we felt like we needed to go back and use. His daughters have won for us in the past and they are unbelievable cows!
- Her dam was a many time champion including Junior Nationals, Louisville, Denver, and Ft Worth. She is a no miss donor as well, we have sold daughters out of her and five different sires. They are all good!
- This one is sure to be a winner in the ring but her breeding value will be off the charts.

LOT 16 - PHAF & THF

- Elegant in her look, soft middled, square hiped, and great structured.
- Her dam, Yuppie, was a super star in the show ring but has really been impressive in production. And, not to mention how incredible she is to look at as a mature cow.
- Don't hold it against these younger females because they look more refined and not as shaggy haired. These later fall born females always have that look this time of the year, but they will kick butt when summer and fall come around!

HAPP Kool Aid Points 1218 or better known around here as "Dottie" or 218 has truly been full of blessings to this operation. We purchased her from Chris Happ in the National Sale in Louisville for Bailey to show. Blessing number one, this is when we became friends with Chris Happ, a great guy and has produced several champions many of which we have marketed in our sales. Dottie had an awesome show career; 2014 Reserve Champion NWSS Junior Show, 2014 National Junior Hereford Expo Champion, and 2015 NWSS Champion Junior Show. And blessing number two, now that Dottie is in production she has been incredible! She produced our top selling female in our Fall Premier Sale which was Reserve Champion Polled female at the 2017 NWSS, produced Champion and Reserve Hereford Females at the Tulsa State Fair, and she has produced division champions or reserves at Louisville, Denver, Fort Worth, and Junior Nationals. She also produced a bull last spring and we are extremely excited about his future. She simply doesn't miss!! Her daughters that are in production are outstanding cows and their udder quality is second to none. Study these females selling out of her, they are impressive and I have no doubt they will be highly competitive on a National level. Buy with 100% confidence.

She was awesome as a show heifer herself, she was Reserve at the National Western twice, Champion in Louisville, and Champion at the Tulsa State Fair. She stepped it up to the next level when she reached production. She produced the 2014 National Junior Hereford Expo Champion Polled Female, 2016 Fort Worth Reserve Champion Female, and Division Champions at Denver, Fort Worth, Louisville, and Junior Nationals. She is a true power cow and her daughters are excellent mothers with beautiful udders. These females selling out of her are outstanding, notice the body, power, and look they have. We have had an overwhelming number of cattlemen placing semen orders. The semen cost is **\$100 per unit with a 10 unit minimum** and we will fill semen orders on a first come, first serve basis.

We have been searching for a new Maine-Anjou herd sire for several years. When I spotted **BOE Epic** in the yards in Denver I knew he was the one! He is basically a total outcross to our cow herd as well as an outcross to most of the popular pedigrees in the Maine breed today. However, his phenotype is what separates him from the rest of the field.

Incredible structure, bold center rib, massive hiped, and an awesome look. He's not all fluff and stuff, in Denver at 10 months of age, scanned a 17.8 in REA and weighed 1,221 lbs. You don't find a 75% Maine-Anjou sire like this everyday! He was the top selling bull in the Denver Maine Bull Sale and he was a steal in our mind.
