# FALL PREMIER XXII SALE

Saturday,  
October 15, 2016

1:00 p.m. at the Ranch, Madill, Oklahoma

Welcome to our 22nd Fall Premier Sale.

It's been 22 years since our first sale and it's just as exciting today as it was back then. We are a little more confident about how to prepare for the sale but just as excited about the offering and to see them go to work for our customers. There's no doubt this group will gather up several banners and become elite donors in the future.

This offering is loaded with talent, study this catalog from start to finish, there are good ones all the way. We sorted hard on these to offer you the best and the females we believe would be ready by sale time. We will be offering more for sale throughout the fall but rest assure there won't be the depth of quality you will find in this group. In the Maine and MaineTainer females you will find some fresh genetics that are backed by our most trusted pedigrees. Furthermore, our Hereford females are very impressive! They too have a variety of pedigrees and are females that will work in different programs depending on your goals, they can get you there.

I want to credit our customers for the great job they have done producing several of these females. They have bought the best, put them to work, and are now reaping the benefits. There are several head selling that are third and fourth generation females that have been marketed through our sales. That's how we built this program and it's not going to change!

We have been very fortunate over the years to have sold some pretty high dollar cattle but each and every time we sell several that are way under the market considering their quality. Pay attention and do your homework. If we didn't think they were special they would not have made this sale.

I want to say thank you to my crew they are the best! Matt Scasta, Matt Loggains, Ace McHatton, and Seth Buckley I couldn't do it without you guys. THANK YOU!! We work hard on a normal year but this summer it has been magnified. We built a new show barn this summer and these guys worked

hard to get it finished. We are extremely proud of the new barn but we are more proud it's finished!!! Hopefully, this new facility will not only benefit us, we hope it will benefit our customers as well. We are grabbing gears and moving on! We are excited about the future and we are always looking for new customers to be a part of it.

Customer service comes with every lot and when you buy here it is part of the deal. If we can assist you with preparing for shows, making breeding decisions, or marketing decisions don't hesitate to give us a call.

We will be hosting our annual Judging Contest again this year. Registration will begin on Saturday at 7:30 AM at the Red Barn on the north side of Highway 70, just north of the ranch. There will be 4H/FFA, Junior College, and Senior College Divisions. We won't be taking reasons it will be questions only, with the awards presented at the sale. And, we are very excited to welcome Sure Champ as our judging contest sponsor again this year! Please contact us if you have questions.

We invite everyone to be with us for this event whether you are looking to make a purchase or just to view the offering. Plan on joining us for a great lunch provided by Martindale Feed. A special thank you to the ones who prepare it; Emmett Byrd, Max Runyan, Donnie Hartin, Ann Hartin, and their crews. They are awesome cooks and we truly appreciate all they do for us.

You are welcome to view this offering any time prior to the sale and on sale day. If you have any questions or need assistance feel free to contact us. We look forward to seeing you October 15th.

Thanks for your interest,  
Jiri

- Long spined, sharp necked, and sweeping belly. That's usually a pretty good combination when you are selecting show heifers. This one is still a little green yet but she reminds me of the heifer we bought from Happ that won NJHE at this stage of her life. She has all the parts, she just needs a little time, but she's coming on fast.
- The Kahuna's have worked really well for us and our customers.
