## Saturday, MARCH 29, 2014

1:00 PM at the ranch, Madill, Oklahoma

### Welcome

Welcome to the 18th Annual Spring Edition Sale!

We welcome you to Buck Cattle Company and to our big spring event. This sale comes fast for us; it seems like only yesterday we were in Denver. It's a busy time of year for us but a very rewarding one, as we see how the fall calves come together and the spring calves are hitting the ground daily.

As we look forward to 2014, I don't believe we have ever seen the opportunities in the cattle business that we will experience in the next few years. This offering of females is backed by generations of proven cow families. They are bred to be champions and to produce champions.

The Maine females are the deepest set we have ever offered in the Spring Edition. Several of these females are full sibs to past champions and many are new matings that we are extremely excited about. They include our best fall heifers and top picks from several of our customers' programs. You won't find a larger selection of high percentage Maine fall born show prospects in the country. The quality is here.

This offering of Hereford females is very exciting. We are just getting our Hereford program rolling and this set has some major players. They represent the top cut from our fall program, the top end of Sullivan Farms Herefords, and our top picks from some of our customers' programs.

The MaineTainers, Chianina, Shorthorn, Charolais, and Crossbred females are stout!! There are some really unique females in this offering that can handle the most rigid competition!!

I don't believe there is another cattle operation that believes anymore in the Junior heifer program than Buck Cattle Company. We know the value of our youth in agriculture and the value of agriculture in our youth. If we can be of assistance in anyway don't hesitate to call.

We have been fortunate to have sold some higher priced cattle in years past, but trust me there will be several great buys, so pay attention and remember they wouldn't make this sale if they weren't special.

I am blessed to have three of the very best men in the business working here. Matt Scasta, Ray Unwin, and Todd Herman. They bust it everyday to make it happen. I want to thank them and their families for their hard work, support, and dedication. Thanks guys, we couldn't do it without you.

Study this catalog, come and view the cattle, and please feel free to contact us with any questions. We look forward to seeing everyone on sale day. However, if you are unable to attend you can watch the sale live on the Internet at [www.liveauctions.com](http://www.liveauctions.com) or you can contact us prior to the sale and someone will assist you by phone when the lots you are interested in sell.

See you on March 29th! Please join us for lunch at 12:00 compliments of Martindale Feed Mill and EMCO Feed.

Thank you,  
Jirl

- Here is a special female. Elegant in her design, sound in her structure, and bold in her rib shape.
- Her dam and grandam can both produce the great ones. Jerry Gibson purchased her dam in the 2011 Fall Premier Sale and that has proven to be a very good purchase. Jerry is not only a mentor, sharp businessman, he's a true friend. So, I get excited when he raises one like this because it's not easy to raise the great ones.
- Her sire needs no introduction!!
- This one can and will compete on the national level.

- Aloha is ultra complete. She is exceptional in her structure, bold in her rib, maternal in her make up, and has the added power.
- Her dam GF Jenna is one of, if not the best donor we have ever owned. Richard and Marsha Rhodes purchased half interest in Jenna in our 2009 Fall Premier Sale. Jenna has produced champion after champion and her daughters are proven producers as well. Jenna has produced champions in Louisville, Denver, Fort Worth, and Oklahoma Youth Expo to name a few.
- Her daughters are proving they can produce just like their mama. The champion 2013 National Junior Maine-Anjou female was out of a Jenna daughter and the 2014 Fort Worth Champion Maine-Anjou was out of a full sister to Aloha.
- She is a great show prospect but this is a true breeding piece as well. Don't miss out there will not be many more Jenna daughters!

- Soft made, balance, and quality will separate this one from the competition.
- Airways is another of the full sisters out of the great 5010 donor. They win and they make cows!
- This one reminds me the most of Shaylee Senkel's heifer which she purchased in our 2013 Spring Edition Sale. That heifer wasn't the top seller but she beat all of them throughout the year winning her division in Denver, Fort Worth, Tulsa, and was Champion at the Oklahoma State Fair.

	TH 1F 57G Omega 52N

- Here is a female with worlds of potential. Lots of extension, great structure, good footed, and awesome hair.
- Her dam 36U was an incredible cow, she was bold ribbed, great looking, and had a beautiful udder.
- Kahuna is not only a National Champion he is a proven sire of Champions. For us he has done a great job adding looks, power, and performance.

Remital Kim 10L

REMITALL KIM ET 136R

- Striking look, sound, added power, short marked.
- Her dam, 136R, originated from the famed Remital program and has been a top producer for us. Two full sisters to this female sold for \$31,000 and \$10,000 in last year's Spring Edition Sale. Our long time friend, Donnie Begalka, purchased embryos in one of our online sales and this heifer is the result of that purchase.
- The Outcross daughters keep rising to the top in the show ring and in production.

- Sharp looking, stout boned, and big hiped.
- Her dam is a Nitro daughter which is a donor in the Grubbs program. She originated from the Up Stream herd in Nebraska
- Her sire, Trust, is a National Champion and a herd sire in the Ned and Jan Ward Program.
- This one is unique!

STAR KKH SSF DIVINE DESIGN 82X	MSU TCF RACHAEL ET 54N
	Spearhead Magnum P28
	STAR KKH Keydzine 308U ET

- Style, balance, and quality!!
- The Brad Barron family purchased her dam in our 2010 Fall Premier Sale for Sam to show. She is now proving herself in their cow herd. 82X is sired by Magnum out of our 308U donor which is a 19D daughter out of the famed Keysha donor. The Barron's are taking their program to the next level so you will be hearing more from that operation in the show ring and as a breeding program. Great family focused on the future.
- When you combine Revolution, 19D, and Keysha, you get one stacked with proven maternal genetics.

	PRM MS Hunter 515

- Added skeletal length, great structure, and added look.
- We purchased her dam in the 2013 Hoffman sale and lucky for us she wasn't born for a few days later or the cow would have been even higher!
- Her sire, Cracker Jack, has caused quite a stir across the country siring cattle that win with performance.
- BW 3.6; WW 46; YW 67; Milk 16; M&G 39

Registration numbers and current EPD's will be posted on our blog at [WWW.BUCKCATTLE.COM](http://WWW.BUCKCATTLE.COM). They will also be available sale day.

- This is the last female in the catalog and she may be the power cow of the offering. Bold ribbed, stout boned, extra width, and great structured.
- Her dam is a proven producing donor that never misses. She produced two great females we sold in our Fall Premier Sale for \$47,000 and \$13,500.
- Sired by, Cracker Jack, this one has the pedigree, cow power, and udder quality bred into her. She will show and compete but she's also a breeding tool.
- BW 3.7; WW 52; YW 79; Milk 15; M&G 41
